- b) Percent of Annual Revenues from all other sources (taxes, general revenue, etc.) are 16%
- 4) Annual Operating Costs
 - a) Average Annual Operating Costs (5-yr Average) \$3,469,480
 - b) Percent of Average Annual Operating Costs that are Fixed Costs 66.63%
 - c) Percent of Average Annual Operating Costs that are Variable Costs 33.37%

APPENDIX B
SOURCES OF WATER CONSERVATION INFORMATION,
LITERATURE, AND ASSISTANCE

To assist water and wastewater utilities in establishing and implementing effective water conservation programs, a variety of services available from the Texas Water Development Board are listed below.

1. Conservation plan and program development and technical assistance.
2. Water conservation literature and education material.
3. Water audit and leak detection assistance.
4. Information on:
 - a. Water Reuse
 - b. Conservation-Oriented Rate Structures
 - c. Conservation Practices
 - d. Xeriscape
 - e. Plumbing Codes
 - f. Pressure Reduction
 - g. Plumbing Fixtures
 - h. Example Plans and Ordinances
 - i. Retrofit Programs
 - j. Drought Management
 - k. Many other Subjects

Other sources of water conservation information include the Texas Commission on Environmental Quality, Texas Department of Agriculture, Texas Agricultural Extension Service, Texas Agricultural Experiment Stations, Texas Section of American Water Works Association, Texas Society of Professional Engineers, Environmental Protection Agency and the U.S. Department of Agriculture-Soil Conservation Service.

APPENDIX D
RESOLUTION APPROVING WATER CONSERVATION AND DROUGHT
CONTINGENCY PLAN

RESOLUTION NO. 09-0416-01

**RESOLUTION APPROVING
WATER CONSERVATION AND DROUGHT CONTINGENCY PLAN**

WHEREAS, Chisholm Trail Special Utility District (the "District") of Williamson, Bell and Burnett Counties, Texas, is a conservation and reclamation district created and functioning under Article 16, Section 59 of the Texas Constitution and Chapters 49 and 65 of the Texas Water Code;

WHEREAS, the District previously received certain financial assistance from the Texas Water Development Board ("TWDB") for purposes of financing improvements to the District's water system, and in connection with such financial assistance, the District adopted a water conservation plan in a form approved by the TWDB;

WHEREAS, Chapter 288 of the rules of the Texas Commission on Environmental Quality ("TCEQ") requires that certain retail public water suppliers prepare a drought contingency plan and submit such plan to the executive director of TCEQ. Specifically, Section 288.30 provides that retail public water suppliers providing water service to 3,300 or more connections must adopt a drought contingency plan and submit such plan to the executive director of TCEQ within 90 days of adoption. Section 288.20 specifies certain minimum elements that must be included in a drought contingency plan adopted by wholesale water suppliers;

WHEREAS, pursuant to the foregoing requirements, the District previously adopted its "Water Conservation and Emergency Water Drought Contingency Plan" and submitted such plan to the TWDB and TCEQ;

WHEREAS, Section 288.20 of the rules of TCEQ requires a wholesale public water supplier to review and update its drought contingency plan at least every five years;

WHEREAS, the Board of Directors of the District has reviewed its water conservation and drought contingency plan in accordance with the rules of TCEQ, and desires to update such plan to include certain additional elements, including certain elements related to its status as a wholesale water supplier and related to the use of non-potable water; Now, Therefore,

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF CHISHOLM TRAIL SPECIAL UTILITY DISTRICT THAT:

Section 1. The matters and facts stated in the preamble to this Resolution are hereby found to be true and correct and are incorporated as a part of this Resolution.

Section 2. The Board of Directors hereby adopts that certain amended Water Conservation and Emergency Water Drought Contingency Plan, the form of which is attached hereto.

Section 3. The staff of the District is hereby directed to file a copy of the amended Water Conservation and Emergency Water Drought Contingency Plan with TCEQ and TWDB, as applicable, and take all other actions necessary or convenient to the implementation of this Resolution.

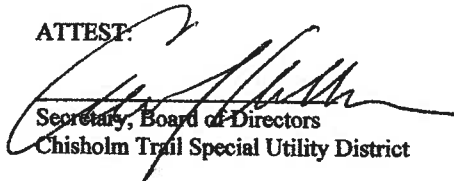

APPENDIX D

RESOLUTION NO. 01-1115-01

COPY

**RESOLUTION OF CHISHOLM TRAIL SPECIAL UTILITY DISTRICT
APPROVING POLICY GOVERNING PLUMBING STANDARDS AND INSPECTIONS;
AND CONTAINING OTHER PROVISIONS RELATING TO THE SUBJECT**

WHEREAS, Chisholm Trail Special Utility District (the "District") is a conservation and reclamation district, a body corporate and politic and governmental agency of the State of Texas, created under Article XVI, Sec. 59 of the Texas Constitution by order of the Texas Water Commission, now the Texas Natural Resource Conservation Commission ("the TNRCC"), and the District operates under Chapters 49 and 65 of the Texas Water Code, as amended; and

WHEREAS, Section 65.205(1) of the Texas Water Code authorizes a special utility district to adopt and enforce reasonable rules to preserve the purity and sanitary condition of all water controlled by the district; and

WHEREAS, pursuant to the foregoing authorization, the Board of Directors of the District desires to establish a uniform policy regarding plumbing standards and inspections; Now, Therefore,

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF CHISHOLM TRAIL SPECIAL UTILITY DISTRICT OF WILLIAMSON, BELL AND BURNET COUNTIES, TEXAS, THAT:

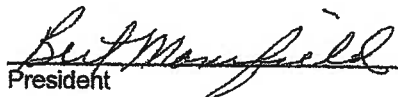

Section 1. The matters and facts recited in the preamble to this Resolution are found to be true and correct and the same are incorporated herein as a part of this Resolution.

Section 2. The Policy Governing Plumbing Standards and Inspection Requirements (the "Plumbing Policy") attached hereto as Exhibit "A" is hereby approved and adopted.

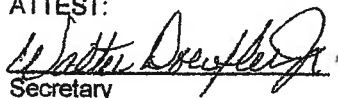

Section 3. The Board directs that the Plumbing Policy shall be effective for all purposes after adoption of this Resolution.

Section 4. The District's General Manager and staff are hereby directed to publish notice of the Plumbing Policy once a week for two consecutive weeks in accordance with the requirements of the Texas Water Code, as amended.

RESOLUTION NO. 03-0320-01

**RESOLUTION OF CHISHOLM TRAIL SPECIAL UTILITY DISTRICT
AMENDING PLUMBING POLICY WITH RESPECT TO UNIFORM PLUMBING CODE**

WHEREAS, Chisholm Trail Special Utility District (the "District") is a conservation and reclamation district, a body corporate and politic and governmental agency of the State of Texas, created under Article XVI, Sec. 59 of the Texas Constitution by order of the Texas Water Commission, now the Texas Commission on Environmental Quality the "TCEQ"), and the District operates under Chapters 49 and 65 of the Texas Water Code, as amended; and

WHEREAS, Section 65.205(1) of the Texas Water Code authorizes a special utility district to adopt and enforce reasonable rules to preserve the purity and sanitary condition of all water controlled by the district;

WHEREAS, by resolution dated November 15, 2001, the Board of Directors of the District previously adopted a Policy Governing Plumbing Standards and Inspection Requirements (the "Plumbing Policy"), which, among other things, required that all plumbing work must be installed in compliance with the Uniform Plumbing Code;

WHEREAS, the Board of Directors of the District amended the Plumbing Policy on October 17, 2002, and now desires to further amend the Plumbing Policy to modify certain terms of the Uniform Plumbing Code to reflect local conditions; Now, Therefore,

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF CHISHOLM TRAIL SPECIAL UTILITY DISTRICT OF WILLIAMSON, BELL AND BURNET COUNTIES, TEXAS, THAT:

Section 1. The matters and facts recited in the preamble to this Resolution are found to be true and correct and the same are incorporated herein as a part of this Resolution.

Section 2. The Second Amended Policy Governing Plumbing Standards and Inspection Requirements (the "Plumbing Policy") attached hereto as Exhibit "A" is hereby approved and adopted.

Section 3. The Plumbing Policy, as amended hereby, shall be effective apply to all new plumbing performed after adoption of this Resolution and publication of the notice hereof pursuant to Section 4 below.

Section 4. The District's General Manager and staff are hereby directed to publish notice of the Plumbing Policy once a week for two consecutive weeks in accordance with the requirements of the Texas Water Code, as amended.

APPENDIX E

RESOLUTION ADOPTING UNIFORM PLUMBING CODE - continued

SECOND AMENDED POLICY GOVERNING

PLUMBING STANDARDS AND INSPECTION REQUIREMENTS

SECTION 1: Purpose

- A. The Board of Directors of Chisholm Trail Special Utility District (the "District") hereby adopts the following rules concerning minimum plumbing standards and inspection requirements in order to protect the purity and sanitary condition of the District's drinking water supply and thereby protect the public health, safety and welfare of the residents of the District.

- B. In adopting this Policy, it is the intent of the Board of Directors to require the following:
 - 1. All plumbing work performed within the District must be performed by a licensed plumber except as otherwise exempted under the Texas Plumbing License Law;
 - 2. All plumbing work installed by a licensed plumber must be installed in compliance with the Uniform Plumbing Code;
 - 3. All plumbing work installed by a licensed plumber within the District must be inspected by a licensed plumbing inspector to ensure compliance with the Uniform Plumbing Code;
 - 4. The District shall employ or contract with all licensed plumbing inspectors who inspect plumbing work within the District; and
 - 5. Continuous water service shall not be furnished by the District to any new service connection until all plumbing has been inspected for compliance with the Uniform Plumbing Code and this Policy.

SECTION 2: Definitions

For purposes of this Policy, the following definitions shall apply:

- 1. "Plumbing" means:
 - a. All piping, fixtures, appurtenances and appliances for supply or recirculation of water for all personal or domestic purposes in and about buildings where a person or persons live, work or assemble; all piping, fixtures, appurtenances and appliances outside a building connecting the building with the source of water on the premises, or the main in the street, alley or at the curb; or
 - b. The installation, repair, service, and maintenance of all piping, fixtures, appurtenances and appliances in and about buildings where a person or persons live, work or assemble, for a supply of water.

- 2. "Plumbing Inspector" means any person employed by the District or who contracts as an independent contractor with the District for the purpose of inspecting Plumbing work and installations in connection with health and

APPENDIX E

RESOLUTION ADOPTING UNIFORM PLUMBING CODE - continued

safety laws and ordinances, who has no financial or advisory interests in any plumbing company, and who has successfully fulfilled the examinations and requirements of the Texas State Board of Plumbing Examiners. Any person who is not employed by or paid directly by the District for plumbing inspection services shall not qualify as a Plumbing Inspector for purposes of this Policy and shall not be authorized to perform any Plumbing inspections within the District.

SECTION 3: Adoption of Plumbing Code

The District hereby adopts the Uniform Plumbing Code (the "Code"), as published by the International Association of Plumbing and Mechanical Officials, as in effect on May 31, 2001, and all regulations, parts, notations, references and specifications therein are hereby adopted and made a part of these rules except as follows:

- i. Any pre-fabricated shower stall that would not otherwise comply with the minimum diameter requirements set forth in the Uniform Plumbing Code shall be deemed acceptable if it has a "UPC Seal of Approval." All custom-built shower stalls must comply with the minimum diameter requirements contained in the Uniform Plumbing Code; and
- ii. For hot water heaters, the 1-hour recovery rate must equal or exceed the capacity (in gallons) of the hot water heater. By way of example, a 40-gallon hot water heater must have a recovery rate equal to or in excess of 40 gallons per hour; and

The District reserves the right to amend any provision of the Code to conform to local concerns that do not substantially vary with the rules or laws of the State of Texas.

SECTION 4: Administrative Authority

Chisholm Trail Special Utility District shall act through its General Manager as the duly authorized Administrative Authority under the Code. The District's General Manager may appoint such assistants, deputies, inspectors, or other employees or consultants as are necessary to carry out the functions of the Code.

SECTION 5: Applicability

Except as specifically excluded under this Policy or by applicable law, the Code and this Policy shall apply to the erection, installation, alteration, repair, relocation, replacement, addition to, use and maintenance of all Plumbing within the District.

SECTION 6: Licensing Requirement

- A. Except as provided below, only those persons properly licensed under State law may perform the erection, installation, alteration, repair, relocation, replacement, addition to, use or maintenance of Plumbing within the District.
- B. The following acts, work and conduct shall be expressly permitted without license:

APPENDIX E

RESOLUTION ADOPTING UNIFORM PLUMBING CODE - continued

1. Plumbing work done by a property owner in a building owned or occupied by him as his homestead;
2. Plumbing work that is done by anyone who is regularly employed as or acting as a maintenance man or maintenance engineer, incidental to and in connection with the business in which he is employed or engaged, and who does not engage in the occupation of a plumber for the general public; plumbing work done by persons engaged by any public service company in the laying, maintenance and operation of its service mains or lines to the point of measurement and the installation, alteration, adjustment, repair, removal and renovation of all types of appurtenances, equipment and appliances, including doing all that is necessary to render the appliances useable or serviceable; appliance installation and service work done by anyone who is an appliance dealer or is employed by an appliance dealer, and acting as an appliance installation man or appliance service man in connecting appliances to existing piping installations; and water treatment installations, exchanges, services, or repairs;
3. Plumbing work done by an irrigator licensed under Chapter 34, Water Code, or an installer licensed under Chapter 33, Water Code; and
4. Any other Plumbing acts, work or conduct that may be exempt from licensing under state laws, as amended from time to time.

SECTION 7: **Inspection Requirement**

- A. The erection, installation, alteration, repair, relocation, replacement, addition to, use or maintenance of Plumbing within the District must be inspected for conformity with the Code.
- B. In the event that a Plumbing project fails one or more of the inspections, then the Plumbing Inspector shall re-inspect the project as necessary until the project is approved.

SECTION 8: **New Construction**

- A. For new construction, no inspection of Plumbing shall commence until a meter has been set in accordance with the District's rules, and all required fees and charges have been paid to the District in connection therewith.
- B. Temporary water service will be provided by the District at the time a builder requests a meter and all other fees and requirements of the District's Rules have been met. Temporary water service will have a 120 day time limit, which may be renewed for one additional 120 day period. At such time as construction is completed, continuous water service will be provided by the District only after a Plumbing Inspector paid directly by the District has provided evidence that all Plumbing inspections have been approved, and only after all Plumbing inspection fees have been paid to the District.

APPENDIX E

RESOLUTION ADOPTING UNIFORM PLUMBING CODE - continued

- C. The District shall not furnish a continuous water supply, or a water supply for any purpose other than construction, until all Plumbing has been inspected and approved by a Plumbing Inspector.
- D. In connection with the construction of a new residence, the following five Plumbing inspections shall be required:
 - 1. Plumbing Rough
 - 2. Copper
 - 3. Top-Out
 - 4. Yard Line
 - 5. Final/Cross Connect (which includes the TCEQ Customer Service Inspection).
- E. If a new residence includes the construction of a sprinkler system, then a sixth inspection will be required in connection therewith.

SECTION 9: Inspection Procedures

- A. All Plumbing inspections must be performed by a licensed Plumbing Inspector employed by or directly paid by the District. The District will not accept an inspection performed by any other person.
- B. All Plumbing Inspectors must contract directly with the District.
- C. The District will assign a Plumbing Inspector to each Plumbing project.
 - 1. The District will pay the Plumbing Inspector for each inspection after completion of the inspection, or as otherwise agreed upon by the District and Plumbing Inspector.
 - 2. Generally, the Inspector will remain with the project until completion. However, the District reserves the right to replace the Plumbing Inspector during the course of the project if it determines that the Plumbing Inspector is not adequately applying or enforcing the standards of the Code.
 - 3. To arrange for an inspection, a person shall call the District's administrative office or contact the approved Plumbing Inspector directly. Inspection dates and times shall be agreed upon by the Plumbing Inspector and the person requesting the inspection; provided however, that no inspection shall take place until the meter has been set, and all required fees and charges in connection therewith have been paid to the District, in accordance with the District's rules and regulations. An inspection performed by a plumbing inspector not approved by the District or paid by the District shall not be accepted.
- D. Plumbing Inspectors must provide a copy of all inspection reports to the District.

APPENDIX E

RESOLUTION ADOPTING UNIFORM PLUMBING CODE - continued

- E. All decisions rendered by the Plumbing Inspector with respect to conformity with the Code shall be final, subject to the appeals provisions below.

SECTION 10: Inspection Fees

- A. A person must pay all applicable fees at the time of submission of an application for water service. The purpose of the fee is to compensate the District for the administrative and other costs incurred by the District in processing the application and paying for the Plumbing inspection(s) required under this Policy and State law.
- B. A fee in the amount of \$50 must be paid to the District for each Plumbing inspection. This fee may be amended by the District from time to time.
- C. For new residential construction, the permit fee shall be equal to \$250 to compensate the District for each of the five required Plumbing inspections associated with a new residence. If a sprinkler system is constructed in connection with the residence, then the permit fee will be equal to \$300 for the six inspections.
- D. In the event that any Plumbing work does not pass inspection, then a \$50 re-inspection fee will be owed to the District for each additional inspection.
- E. Re-inspection fee(s) shall be paid to the District within ten (10) days receipt of an invoice. Failure to pay any fees due the District will result in termination of water service. Also, the District is authorized to deduct any deposit by the amount of inspection fees in arrears.

SECTION 11: Appeals

Disputes regarding interpretation of the Code may be appealed to the District's General Manager. An aggrieved party may also appeal the decision of the General Manager to the District's Board of Directors. Under no circumstances, however, shall the District provide water service to the property that is the subject of the appeal until a final decision is made by the Board of Directors and all required fees are paid to the District. In all cases, strict interpretation of the Code shall prevail to protect the public health and safety of the community.

SECTION 12: Enforcement

- A. The inspection of Plumbing for any residence or building prior to meter set is a violation of this Policy and the rules of the District. The District shall report any such violation to the State Plumbing Board, along with the license number of the plumbing inspector, and may take any and all other actions against both the inspector and the owner of the building authorized under State law for violation of the rules of the District.
- B. Inhabiting the premises prior to satisfactory completion of the final plumbing inspection shall result in termination of water service to the property.
- C. The District shall not reconnect water service to the property until all inspections (including the CSI) are completed and passed and verification is received by the District. Further, the Builder must pay a penalty fee of \$200 and a re-connect fee prior to, and as a condition of, water service.

APPENDIX E

RESOLUTION ADOPTING UNIFORM PLUMBING CODE - continued

- D. The District's General Manager is hereby authorized to discontinue or cause to be discontinued all water service to any and all premises, lands, buildings, or structures where it is found that an immediate hazard exists to the purity or potability of the District's water supply.

- E. The District's General Manager is hereby authorized and directed to take such steps as are necessary to determine all potential hazards to the purity or potability of the District's water supply. Upon determining said potential hazards, it shall be the duty of the General Manager or his designee to immediately cause notice to go to the owner or such other person responsible for the premises, specifying said hazard(s), and notifying said person that in the event that said hazard(s) is not corrected within the time period specified in said notice, all water services shall be discontinued thereafter until the requirements of the Code have been met.

SECTION 13: General

The District's General Manager is hereby authorized to enforce all provisions of this Policy and to prepare or cause to be prepared suitable forms of applications, permits, inspection reports and other materials necessary or convenient to the purposes identified herein. The General Manager is further authorized to inspect and test, or cause to be inspected and tested, all plumbing work for compliance with this Policy and the Code adopted herein, and to enforce changing such installations that do not meet the requirements. It shall further be his or her duty to ensure that all persons installing or altering Plumbing shall be qualified to do so under state law.

Bryan, Texas 77803

**RE: CHISHOLM TRAIL S.U.D. MAY, 2009, UPDATED WATER CONSERVATION AND
DROUGHT CONTINGENCY PLAN**

Dear Mr. Jones:

In accordance with Texas Water Code §288, Subchapter A, Water Conservation Plans, and Subchapter B, Drought Contingency Plans, attached is one (1) copy of the District's updated April, 2009, Water Conservation and Drought Contingency Plan (the "Plan"). This Plan replaces and supersedes the District's prior Water Conservation and Emergency Water Demand Management Plan, as amended, that was previously submitted to the Brazos G Water Planning Group.

Please present this plan at the next Brazos G Water Planning Group meeting for review and comment. The District would be pleased to incorporate any comments the Brazos G Group have into future Plan amendments.

If you have any questions concerning this matter, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Delores Goode".

Delores Goode
